PROFILE

Furniture Designer and 3D Visualizer with in-house experience at a furniture factory. Created chair concepts and 3D models for new furniture products, modeled furniture from measurements and 3D scans, and created product and interior visualizations for marketing and sales. Designed showrooms for furniture collections. Bachelor of Architecture, 2+ years of full-time experience.

EXPERIENCE

CG Artist / 3D Designer

FRANKOF, furniture factory, May 2025 – July 2026

- Took part in developing new furniture products: created chair concepts and 3D models.
- Modeled furniture from measurements and 3D scan data.
- Created photorealistic product and interior visualizations of furniture for marketing and sales materials.
- Designed showroom interiors for different furniture collections: zoning, furniture layouts and planograms, technical drawings.
- Prepared documentation for built-in furniture and cabinetry; consulted remotely during furniture installation.

Interior Designer / 3D Visualizer

MBA Development Group, remote, October 2024 – May 2025

- Modeled furniture, custom interior features and decorative elements.
- Selected furniture, materials and finishes for residential and commercial interiors.
- Produced photorealistic interior visualizations in 3ds Max and Corona Renderer.

KEY TASKS I SOLVED

- Developed chair concepts and 3D models for new products in the factory's collection.
- Modeled furniture from measurements and 3D scan data, keeping real proportions and upholstery details.
- Created product renders of one item in multiple upholstery fabrics for the catalog and the sales team.
- Planned showroom zones for furniture collections, with furniture layouts and planograms.
- Prepared documentation for built-in furniture and cabinetry and consulted remotely during installation.

SKILLS

Chair concepts
3D furniture modeling
Modeling from measurements
3D scan data
Built-in furniture and cabinetry
Upholstery materials
Product renders
3ds Max
Corona Renderer
Adobe Photoshop
Substance 3D Sampler
Topaz DeNoise AI

EDUCATION

Bachelor of Architecture
Ivano-Frankivsk National Technical University of Oil and Gas
2022 – 2026

LANGUAGES

Ukrainian (native), English (B1), Polish (A2)

KEYWORDS

Furniture design, product design, upholstered furniture, chair design, 3D modeling, modeling from measurements, 3D scanning, product rendering, material variations, catalog CGI, built-in furniture, cabinetry, showroom planning, 3ds Max, Corona Renderer
